| Summary | Experienced MERN (MongoDB, Express.js, React, Node.js) Stack Software Engineer with 1.5 years of hands-on experience in web development. Proficient in front-end technologies such as Bootstrap, HTML, CSS, and Tailwind CSS. Additionally, possess 4 to 6 months of experience working with PHP and Laravel. Currently, I serve as both an Automation Engineer and a MERN Stack Developer in my current role, showcasing versatility and a broad skill set. Committed to delivering high-quality, efficient, and scalable solutions through a combination of technical expertise and a proactive approach. |
